BOMBARDS CHICAGO.

Furious Storm Stops All Business.

Crashes of Thunder Supplemented by Hail Sound Like Battle.

Lightning Starts Nine Fires and Sends Pupils Into a Panic.

Rain Falls at Rate of Inch Per Minute and Breaks Day's Records.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, March 26.—[Exclusive Dispatch.] Two storms collided over Lake Michigan this afternoon and as a result Chicago experienced the most tempestuous half hour of weather in the history of the city. One life was lost, several persons were injured and property estimated to be worth over \$100,000 was destroyed and the sun came out and smiled as blandly as if nothing at all unusual had happened.

An unprecedented cannonade was kept up by the heavy charged clouds, this was supplemented by the musketry of hail, while the dusk, which had settled down over the city ten minutes before the furious onslaught of the elements, was illuminated every few seconds by brilliant flashes of lightning. Meantime the rain tumbled down at the rate of an inch of downpour a minute, the heaviest fall ever experienced here in the same time and the sun came out and smiled as blandly as if nothing at all unusual had happened.

LIGHTNING KILLS MAN.

John Moeller, a laborer, employed by the Rittenhouse and Embree Lumber Company at Thirty-fifth street and Center avenue, was working in the yards of the company when the storm struck. He was killed by a bolt of lightning which struck him on the head.

During the height of the storm the high winds blew over the smokestacks at the Western Steel Car and Foundry Works, One Hundred and Thirty-sixth street and the Chicago and Western Indiana Railroad tracks, by the entry of all the great gale, the stacks were each 200 feet high and of heavy steel. They crashed down on the roof of the steel mill of the company adjoining the main building, and many of the workmen in the mill narrowly escaped injury and death.

FIREMEN JUMP SIDEWALK.

Nine fires were recorded during the short duration of the storm. The most serious caused the destruction of St. Stanislaus Roman Catholic Church, North Fifty-third street and Belvidere avenue, Irving Park.

The church, which was struck by lightning, was completely destroyed. Forty pupils of the Sisters' school in the basement had just been dismissed when the lightning struck the church. They were thrown into a wild state of terror by the blinding flash. Many of them were huddled together on the steps when the bolt descended, and they rushed out into the rain in a mad flight from the danger.

All business in the city was temporarily suspended while the fury of the storm was being vented. Street car and elevated railway service was tied up.

KEYSTONE TWO-CENT FARE.

HARRISBURG, March 26.—The Senate today passed the House 2-cent railroad fare bill, which now goes to the House for concurrence in the Senate. The bill provides for a 2-cent fare for a round trip between any two points on a railroad line, and is a measure of relief for the traveling public.

ANACONDA PAYS DIVIDEND.

NEW YORK, March 26.—The directors of the Anaconda Copper Mining Company today declared a quarterly dividend of \$1.75 a share, which is the same amount as that declared three months ago.

FORAKER COMES OUT FOR THE PRESIDENCY.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, March 26.—[Exclusive Dispatch.] Senator Joseph B. Foraker of Ohio tonight in a carefully prepared statement announced his candidacy for the Presidency, accepted the challenge of the President and William H. Taft, Secretary of War, and invited Taft's supporters to fight out the question as to who shall have the Ohio delegates to the next national convention in a primary election.

The statement of Senator Foraker caused a sensation among the Republican politicians here, who regard it as one of the boldest statements he has ever made. His statement is interpreted as a challenge to the President and Secretary Taft get out in the open and fight it out.

Senator Foraker specifically urges in his statement that the delegates to be

CHINESE TURN CANNIBALS.

Distress in Famine Districts Grows More Acute and Additional Help Is Needed.

(BY THE ASSOCIATED PRESS-P.M.) SHANGHAI, March 26.—The famine-stricken have been practicing cannibalism in localities where the distress is most acute. The spread of fever and the heavy rains are increasing the general misery. Spasmodic rioting has occurred, but the outbreaks have not been serious.

The famine relief organization is taxed to the utmost in supervising the distribution of relief and in managing the relief work. The committee is appealing for more voluntary helpers, large orders for grain have been placed in America, Australia and Manchuria.

CALLS MILITARY NATION'S SAFETY.

COL. HEISTAND SAYS SOLDIERS GUARANTEE PEACE.

In Address at Annual Convention of National Guard Association, the Speaker Urges That People Be Impressed That Armed Forces Are Safeguard of Civilization.

(BY THE ASSOCIATED PRESS-P.M.) COLUMBIA (S. C.), March 26.—The National Guard Association of the United States, the name by which the Interstate National Guard Association is to be known in the future, concluded its ninth annual convention here today. Boston was selected as the next annual meeting place.

The following officers were elected: President, Maj.-Gen. Charles Dick, Ohio; vice-presidents, J. B. Louck, California; J. W. F. Hughes, Kansas; secretary, Col. Carroll D. Evans, Nebraska; treasurer, Gen. John D. Frost, Columbia, S. C.

The address of Col. H. O. S. Heistand, U.S.A., was the feature of the day session. He said:

"I deem it proper and opportune on this occasion to warn our people that if they would enjoy peace and its blessings, without humiliation, they must constantly be prepared to defend the fact that the United States is in a position to resist aggression and to enforce its just demands."

Col. Heistand called attention to the necessity for military training and urged that the people insist "that their representatives in Congress shall provide ample force at all times on land and on water, to meet any impending danger to our country or to its institutions."

He said that there are those who "do not believe that soldiers constitute a danger to the civil liberties of the people, yet practical persons see in efficient and ever-ready armed forces the only safeguard by which civilization was fashioned and a sure guarantee of peace."

The speaker declared that he was not opposed to arbitration as one of the great agencies of the promotion of peace, "but," he said, "history reminds us that treaties are made and broken, and even if the world is made up of the most advanced advocates of universal arbitration were realized by the entry of all the great governments of the world in a treaty to that end, soldiers would still be an essential feature of a despotism."

In conclusion Col. Heistand said that he would be glad to see a requirement for any position in the classified list of the army or navy, or from the organized militia of a State or Territory.

OPPOSE COPPER MERGER.

Oscuela People Begin Argument Against Calumet and Hecla Holding Its Stocks or Voting.

(BY THE ASSOCIATED PRESS-P.M.) GRAND RAPIDS (Mich.), March 26.—Arguments were begun in the Federal court today in the application of A. S. Bigelow of Boston and J. E. Reed of Michigan to restrain the Calumet and Hecla Mining Company from voting and holding stocks in the Oscuela Mining Company.

Attorneys for the Calumet and Hecla offered a prepared answer to all the allegations made in the petition for the injunction. They asserted that the Calumet and Hecla officials have purchased considerable floating Oscuela stock, but denied that they were at any time a thought of a merger.

MANSFIELD RESTS FOR WEEK.

SCRANTON (Pa.), March 26.—Under the advice of a physician, Richard Mansfield today instructed his managers to cancel his engagements for the remainder of the week. He is suffering from nervous indigestion and is threatened with grip.

STRIKE TIES UP SHIPPING.

HAMBURG, March 26.—There are now 252 steamers and five sailing vessels waiting here to either load or unload an account of the longshoremen's strike. It is believed further arrivals of foreign longshoremen soon will result in reducing the numbers.

NOW FOR POLICE.

Grand Jury Probe Is Going Deeper.

Chief Dinan and the Entire Department Next to Be Investigated.

How Ruef and the Greedy Supervisors Faced Up a Third "Sell Out."

Abe's Lawyers Suddenly Flop and Pursue Opposite Course.

(BY THE ASSOCIATED PRESS-P.M.) THE next move in San Francisco will be to probe the methods of Chief of Police Dinan and the department under him.

The grand jury held a brief session yesterday, but no indictments were returned.

It is believed testimony adduced yesterday will lead to the indictment of another high official in one of the telephone companies.

It was revealed also that Ruef and the Supervisors planned selling the city for a third time to another telephone company.

Several Los Angeles and Oakland men were examined. The prosecution is very secretive.

Ruef's cases came up before Judge Dunne. His lawyers suddenly changed their tactics by demanding a speedy trial.

An effort was made to lessen the restrictions placed on Ruef but proved futile.

All the San Francisco witnesses are now in San Francisco, awaiting examination.

CHIEF DINAN of San Francisco, who has been one of the worst of the grafters.

for \$100,000 he was surprised until he received a letter from Ruef making overtures about like privileges that could be secured by the United Independent Telephone Company.

RUEF WAS CONFIDENT. Jacoby was acquainted with the contents of the letter from Ruef and in the course of time came into possession of all the plans outlined by Ruef. Ruef gave positive assurance there would be no difficulty in "arranging matters."

The United States Company was anxious for the franchise but it refused to do business with Ruef and the negotiations ended abruptly.

The grand jury's investigation of bribery and graft in San Francisco resulted in the finding of no new indictments today. But one session was held, lasting from 2 o'clock until 5. At its conclusion Dist. Atty. Langdon said:

"No new lines of information were opened up by today's investigation, but from the witnesses examined we elicited confirmation of certain facts tending to connect some links in the chain of evidence showing the bribery of San Francisco officials by the Home Telephone Company."

Asst. Dist. Atty. Henry said: "We went over new ground today, but purely for the purpose of eliciting evidence already adduced."

WITNESSES HEARD. The witnesses examined at the afternoon session were John M. C. Martin, a retired banker of Los Angeles, formerly president and now a director of the Home Telephone Company of that city; John Van Liew of Oakland, connected with the Empire Construction Company of California, the corporation said to have been organized by the Home Telephone Company to get the local franchise in the obtaining of which the latter concern is charged with having paid approximately \$300,000 in bribery to addition to the \$25,000 paid to the city and the \$75,000 paid into the earthquake-relief fund; L. G. Burpee, vice-president of the First National Bank of Oakland; Nicholas Prudenagast, civil engineer, public utility contractor of that city; J. C. Reardon, chief clerk of the Central Bank of Oakland, and Miss Nellie Smith, stenographer for the firm of Thomas, Gerstle, Frick & Beedy of San Francisco.

OTHERS NOW PRESENT. Some of these witnesses will be recalled at tomorrow's session for further examination. Other witnesses who were on hand, but were not called before the inquisitorial body today, were Percy C. Morgan of the California Wine Growers' Association, a director of the Home Telephone Company, and George Beanson of the bookkeeping department of the Pacific States Telephone Company.

Detective Burns said this afternoon that all of the witnesses subpoenaed in Los Angeles had arrived from the Southern city and were stopping in Oakland. The list includes William Mead, president of the Central Bank of Los Angeles, and a Home Telephone stockholder, and W. C. Patterson, vice-president of the First National Bank of Los Angeles, neither of whom appeared in the grand jury witness-room today.

Attorneys for Ruef, who for months have been fighting to avoid the trial of their client by Superior Judge Dunne, today changed their tactics and fought for the privilege of going to trial at once on the five extortion charges brought against him by the grand jury. The prosecution desired a week's continuance, however, in order to proceed in the interim with the bribery investigation being conducted by the grand jury, and this continuance was granted. Judge Dunne refused to accede to the request by the defense that Elmer Biggy be ordered to hold Ruef in less strict custody.

MORE HABEAS CORPUS. The Ruef lawyers in this move laid what they think is the foundation for another application to the Supreme Court for a writ of habeas corpus. Henry Ach formally submitted an order, instructing Elmer Biggy to admit to the Ruef case, at reasonable times, his attorneys, members of the defendant's family, his business associates, members of his office force, and his lawyers.

Judge Dunne formally refused to make any such order or to so instruct to see Ruef at reasonable times, but he was objected to by the defense, and they will probably seek a writ in the Supreme Court to compel Judge Dunne to issue such an order.

The defense claims that while Ruef is technically in the custody of Elmer Biggy, he is, in fact, the prisoner of Detective Burns of the prosecution.

INVITES ANARCHIST TO TALK.

Professor of Rockefeller Endowed Institution Wants Emma Goldman to Lecture.

(BY DIRECT WIRE TO THE TIMES.) CHICAGO, March 26.—[Exclusive Dispatch.] Through the efforts of Prof. Foster, Emma Goldman, queen of anarchism, will invade the University of Chicago if President Judson does not prevent. Many students of the Rockefeller-endowed institution are behind Foster in his efforts to secure the Goldman lecture. Prof. Foster said today:

"I do not care to be identified with the policies for which Miss Goldman stands. I availed myself of an opportunity to hear her speak and was agreeably surprised. Her address was a fine literary presentation of modern study. She spoke in a manner at once interesting and powerful."

The attention being lavished upon Miss Goldman is the result of a recent address on "The spirit of revolt in the modern drama" at which literary people were the principal listeners.

LAWYERS TAKE MILLION FEE.

ANACONDA SMOKE SUIT WITH FARMERS IS BONANZA.

Legal Talents and Experts Pocket Large Honoraria, but Now This Famous Case Seems Drawing to Close—Record Is Over Ten Million Words.

(BY DIRECT WIRE TO THE TIMES.) HELENA (Mont.), March 26.—[Exclusive Dispatch.] With today's testimony before Master in Chancery Crane, the hearing in the famous smoke case ended, and nothing remains but the argument before the United States Court and the decision of Judge Hunt. The case has been in process of hearing since the early part of January, 1906, and the transcript up to this week included 25,000 pages of manuscript, and 10,500,000 words.

For more than a year lawyers and experts have had their innings and the company and the farmers have spent a million in salaries of lawyers, experts, workers and other expenses.

Approximately the cost to the company is estimated at half a million, and that to the farmers of the Deer Lodge Valley at the same figure.

An idea of the cost of some of the expert testimony is shown by the fact that Dr. Leopold Pictet, a practicing physician and authority on mental disorders.

Former Justice O'Brien is one of the trustees with (drews) Cleveland Hyde stock in the Equitable Life Assurance Society, purchased by Thomas F. Ryan, just prior to the insurance investigation. When he was a candidate for reelection to the bench in 1901, as a Democrat, Justice O'Brien was unopposed. The President made a trip from Washington to Oyster Bay to cast his ballot for him.

Justice Fitzgerald said today that the Thaw jury was ordered last Friday to report before Justice Fitzgerald tomorrow morning at 10:30 o'clock. At that hour there will be a brief procedure, the jury being excused indefinitely. Whether or not Thaw will be brought into court remains to be seen.

SHANGHAIING PREVENTED.
 SAN FRANCISCO, March 26.—Commissioner of Immigration North has been instructed to carry out the law passed by the last Congress to prevent the shanghaiing of seamen at this port.

Claims Against State.
 SACRAMENTO, March 26.—A batch of claims against the State from the various banks which advanced money to pay the members of the national guard for their services during the San Francisco fire, aggregating \$250,000, were received by the State Controller today, who will issue warrants for their payment immediately.

Governor's Appointments.
 SACRAMENTO, March 26.—Gov. Gillett has appointed the following to serve as a board of election commissioners for the coming year: Every county-boundary election to take place in seventy days: L. P. Galt, J. W. Herbert, Scott Blair, G. P. Robinson and D. M. DeLong.

Seals Will Be Protected.
 SAN FRANCISCO, March 26.—The seal fishing fleet is to be amply protected this year. Every revenue cutter on this coast has been ordered to the northern sea preserves. Two United States cruisers, two Japanese cruisers and two Russian cruisers also will be among those present.

Trustee Is Appointed.
 SACRAMENTO, March 26.—Gov. Gillett has appointed R. N. Hackel as a trustee of the State Polytechnic School located at San Luis Obispo.

MOORS TO FEEL FRENCH POWER.
 MINISTER SAYS INSOLENCE HAS BECOME UNBEARABLE.

Tells Chamber of Deputies That Efforts to Measure Are Necessary to Protect National Dignity—Will Demand Indemnity, Reparation and Better Laws.

[BY THE ASSOCIATED PRESS—A.M.]
 PARIS, March 26.—Replying in the Chamber of Deputies to interpellations upon the subject of Morocco, Foreign Minister Pinchou said the situation had become intolerable. The Moors were more and more insolent, and efficacious measures were necessary to compel the Sultan to restore order and respect French rights. Besides the occupation of Oudja, France would demand indemnities, reparation and the introduction of measures providing for the security of foreigners.

The policy of France was not one of conquest, France does not expect any opposition on the part of any power against the occupation of Morocco, and there is not the slightest reason for the French to believe that France is not protected by superior motives. The occupation of Oudja is for the purpose of demonstrating to the Sultan that France is not to be trifled with.

Besides the occupation of Oudja, France would demand indemnities, reparation and the introduction of measures providing for the security of foreigners.

THE POLICY OF FRANCE WAS NOT ONE OF CONQUEST.
 PARIS, March 26.—Replying in the Chamber of Deputies to interpellations upon the subject of Morocco, Foreign Minister Pinchou said the situation had become intolerable. The Moors were more and more insolent, and efficacious measures were necessary to compel the Sultan to restore order and respect French rights. Besides the occupation of Oudja, France would demand indemnities, reparation and the introduction of measures providing for the security of foreigners.

THREE DIE IN STREET FIGHT.
 Negro Socialists Cause Battle With Muskogee Police.

Two Officers Are Wounded in General Row.

Other Blacks Dispersed Their Anarchist Brethren.

[BY THE ASSOCIATED PRESS—P.M.]
 MUSKOGEE (L. T.) March 26.—As the result of a battle between Federal authorities and members of the United Socialist Club, a society of negro fanatics bearing commissions from a Cincinnati detective association, this afternoon, Policeman John Coffield was seriously shot; Guy Fischer, white, was wounded; three negroes were killed and two more severely wounded.

Coffield was shot while serving a writ of ejectment on the members of the society who had taken possession of a house and refused to pay rent or move, declaring their authority was higher than that of the United States.

The entire city marshal's force was called out and attacked the house in which the negroes were holed up, killing three. There is no fear of a race riot. The other negroes uphold the officers' actions.

Sam Barker, Elbert Barker, and William Scott, were the negroes killed. Six members of the organization including their leader, Will Wright, a preacher, are in jail tonight.

During the trouble shots were fired. Policeman Coffield's writ of ejectment was to have been served on Barker, who had rented the house, and the other negroes who were holed up. Tonight nearly every white man in the city is armed in anticipation of further trouble. At this hour, however, all is quiet and because of the fact that this particular band of negroes is disliked by the others of their race, more trouble is not likely.

The United Socialist Club, apart from the other negroes and were known as "money finders" because it was their custom to travel about at night and hunt for buried money.

ATTACKED IN HER HOME.
 WOMAN BEATEN BY ROBBERS.
 [BY DIRECT WIRE TO THE TIMES.]
 PORTLAND (Or.) March 26.—[Exclusive Dispatch.] Mrs. N. W. Rountree, prominent socially in this city, was attacked and seriously injured by a lone burglar in her home at No. 911 11th street tonight.

The burglar, who entered by a rear window, jerked Mrs. Rountree from bed, struck her on the head with a revolver, and choked her into insensibility. She was unconscious for several hours, and is in a precarious condition.

Rountree left her home early in the evening to see her son depart on the steamer Columbia. Returning at 10 o'clock, he found his wife lying on the floor in a pool of blood. Later she died.

Valuable earrings were jerked from her ears, and her hand was badly cut. The robber evidently was frightened before the completion of his work, as few valuables were missed, and the house had been searched.

Mrs. Rountree is the wife of a wealthy broker and realty owner of the firm of Rountree & Diamond. Their home is in the most fashionable residential district.

ASYLUM FOR MURDERERS.
 GIRL PRONOUNCED INSANE.
 [BY THE ASSOCIATED PRESS—P.M.]
 CARMEL (N. Y.) March 26.—Jennie Burch, the fifteen-year-old girl, now on trial here for the poisoning of a baby, Wilbur Winslip, is probably destined to become an inmate of the asylum for the criminal insane. By an agreement between Dist. Atty. Weeks and counsel for the defense, it is said the girl will be formally adjudged insane and committed to the asylum.

This unusual method of procedure is the result of the report of five alienists for the defense and the asylum. When the little slayer was arraigned in court yesterday charged with murder in the first degree, Dr. Granger, an expert for Justice Mills, handed in a report, which declared that she is suffering from a state of permanent and continuing adolescent insanity.

NEGRO DESPOILS MISTRESS.
 IN OLD AGE FORFEITS TRUST.
 [BY DIRECT WIRE TO THE TIMES.]
 DALLAS (Tex.) March 26.—[Exclusive Dispatch.] Near Benham, Tex., today an aged negro known as "Uncle Johnny" committed rape on Mrs. George Trent, a white woman, choked her into a state of insensibility and then knocked her brains out with a club.

The negro then, probably fearing that his crime would be fixed upon him, went into a room adjoining that in which he had slain Mrs. Trent, and placed the muzzle of his shotgun to his face and blew the left half of his head away, dying instantly. The old negro had been in the Trent family for many years and was a trusted servant.

Confesses Flandish Crime.
 OAKLAND, March 26.—Late last night Erland H. Soderberg confessed to the detectives in charge of him that he murdered his mother, Mrs. Martha I. Soderberg, whose body was found on Sunday last locked in a closet at her home on B street, North Oakland. He gave a grimy and pathetic detail claiming that he was drunk at the time and that his mother had angered him by upbraiding him for not treating her right.

Warrants for Scalpers.
 CHICAGO, March 26.—Nineteen warrants for the arrest of ticket scalpers in theater tickets were sworn out today by Assistant Corporation Counsel Wade. The City Council several days ago passed an ordinance prohibiting the sale of theater tickets at any place but the box office of a theater, or at any price other than that printed upon the tickets. Among those for whom warrants were issued were a number of theatrical managers as well as the men charged with the lawful selling of tickets. Among the managers named are George W. Lederer of the Colonial Theater, Harry J. Powers of Powers' Will J. Davis of the Illinois and Lyman D. Tover of the Majestic.

MIZNERS ARE REUNITED.
 Husband of Former Mrs. Charles T. Yerkes Takes Head of Household.

[BY DIRECT WIRE TO THE TIMES.]
 NEW YORK, March 26.—[Exclusive Dispatch.] Wilson Mizner, whose marriage to and later separation from Mrs. Charles T. Yerkes, more than a year ago, caused wide comment, has taken up his place again as head of the Yerkes household.

At a dinner in the Yerkes residence less than a week ago the two guests found Mizner seated at the head of the table. When a reporter called at the house tonight, before any question was asked, said:

"No, she is not at home, neither is Mr. Mizner."
 Inquiry elicited the information that the couple were spending the evening together at the theater.

FEAR TROUBLE IN EXCLUSION.

Politicians-Toward-Japs Order Causes Alarm.

Official Says Statute Alone Can Stop Influx.

Many Ways to Evade the Presidential Mandate.

(BY DIRECT WIRE TO THE TIMES.)

WASHINGTON, March 25.—[Exclusive Dispatch.] Officials of the immigration service are intensely interested in the working effect of the Japanese exclusion regulations issued today by Secretary Straus. Although paragraph five of the regulations places the burden of proof upon any Jap who sets up a claim that he is not a laborer, the immigration officials say this will be extremely difficult or impossible to enforce. The regulations lay heavy stress upon the necessity of treating the Japanese immigrants with courtesy and consideration, showing that the department is appreciative of complaints from Japan as to the manner of executing the executive order.

Some of the immigration officials expect these complaints to be forthcoming immediately after exclusion of the Japanese who may claim they are not laborers, and who may not be able to establish proof of their claim. As all Japanese from Mexico, Canada and Hawaii are presumably laborers, under the regulations, it is predicted that there will be many complaints from Japanese, who will claim they are not, in fact, laborers. Officials also expect to be confronted with cases in which Japanese immigrants will prove they are not laborers, and then become such as soon as they can get a job.

"The reason why we look for trouble," said a high immigration official, "is that the Japanese are not placed on a plane with the Chinese. In spite of the strenuous language regarding courtesy and politeness, it is the purpose to regard Japanese from Mexico, Canada and Hawaii as laborers and exclude them. Now, if we have a case where a Japanese immigrant is not a laborer, it would be all right. We would enforce this, and the Japanese could have all they liked. But this is a more executive order, liable to be changed or abolished at the pleasure of the President. If complaints are made by Japanese to their government, the Japanese government intimates to the United States that the arrangement is unenforced in actual practice, the whole thing is liable to go overboard. The people who are in favor of Japanese exclusion must not expect too much of this executive order. The Japanese will not be successfully excluded until an exclusion law is enacted. If my experience in Chinese exclusion makes me capable of judging these things."

"Between you and me, the Chinese exclusion law has been a failure. The executive order on account of the Chinese boycott, and if there was no law there would be mighty little Chinese exclusion."

"The law is not enforced as it used to be. In dealing with the Japanese we have to lay down a law, but when it is laid against an executive order the result is likely to make the exclusionists sit up and take notice."

IMMIGRATION COMMISSIONERS. PRESIDENT COMPLETES LIST.

(BY THE ASSOCIATED PRESS.—A.M.)

WASHINGTON, March 25.—The President has appointed the following persons as the civilian members of the Immigration Commission authorized at the last session of Congress: Charles P. Neill, Commissioner of Labor; Prof. W. J. Jenks of Cornell University; and William R. Wheeler, a business man of Oakland. The commission is now complete. The Senate and House members having been announced. They are Senators Lodge, Dillingham and La Follette, and Representatives Howell, Bennett and Burton.

The commission is to make a full inquiry into the subject of immigration and report its findings and recommendations to Congress.

William R. Wheeler, appointed on the Immigration by the President, is connected with the firm of Hooker, Stetson & Merrill of San Francisco. He is prominently mentioned for the place on the Interstate Commerce Commission now held by Franklin K. Lane, at the time of Lane's appointment. He has taken conspicuous interest in matters affecting the business affairs of the Coast, particularly with reference to the rates on transcontinental travel.

LAND CLAIMS TRACED. HERMAN TRIAL PROGRESSING.

(BY THE ASSOCIATED PRESS.—A.M.)

WASHINGTON, March 25.—Progress of the "Pater" eleven-verse claims through the General Land Office has been carefully traced in the Hermann trial today when George R. Ogden, a clerk in the public lands division of that office, testified. Ogden prepared the correspondence in the case.

All of the papers in the claims, he said, were asked for either by Commissioner Hermann or Assistant Commissioner Richards. The first day Ogden was called into conference with Richards regarding the claims. He told Richards that he did not feel satisfied with the showing made. Richards replied that he had looked over the papers, and thought there was a sufficient showing to justify the issuance of patents.

Ogden said the cases might have been reported in the regular course of business within three days, even if they had not been made special.

CORTELYOU AIDS MONEY MART. PUBLIC DEPOSITS INCREASED.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, March 25.—Under instructions recently issued by the Secretary of the Treasury, collectors of customs throughout the country were directed to deposit their customs receipts in the regular depositories. This, however, did not embrace the so-called sub-treasury cities. These instructions have been today enlarged by the Secretary so that the public depositories with national bank depositories in New York will at once be increased about \$15,000,000 from customs receipts under the provisions of the act of March 4, 1907.

This action is taken with a view to facilitate the redemption of the 4 per cent. bonds of 1907, and also to render available additional funds for the usual disbursements occurring April 1. The Secretary also has instructed the Treasurer of the United States to mail

at once to the owners the checks for interest due April 1, 1907, on registered bonds of the 2 per cent. consols and the 4 per cent. funded loan of 1897. The sub-treasury officers have been instructed to cash the checks on presentation, and to cash any drafts on bonds belonging to the bonds of the two loans.

Secretary Cortelyou's action today with reference to the deposits of customs receipts will result in relieving the money market to the extent of about \$14,000,000.

WILL ANSWER TODAY. PHILIPPINE PEACE STATUS.

(BY THE ASSOCIATED PRESS.—P.M.)

WASHINGTON, March 25.—The Philippine commission has been instructed by cable to inform the President tomorrow whether a condition of general and complete peace with recognition of authority of the United States has continued in all that portion of the archipelago not inhabited by Moros or other non-Christian tribes for the past two years.

If the answer is in the affirmative, the President will direct the commission to call a general election on July 30 next for the choice of delegates to the first popular assembly of the people of the Philippines.

The proposed assembly, consisting of two houses, the upper composed of the Philippine commission and the lower of the delegates to be elected will take over all the legislative power now exercised by the Philippine commission alone. Under an act of Congress none of the members of the non-Christian tribes can participate in the elections.

WASHINGTON BRIEFS.

Gen. Murray Issues Order.

WASHINGTON, March 25.—Brigadier General Murray, chief of staff, has requested the Adjutant General to instruct the commanding officers of the artillery regiments where joint drills are held this summer with State militia, to put himself in direct communication with the State assemblies with a view to ascertaining the details of their plans in order to render them such assistance as may be possible in connection with arrangements for transporting, employing, subsistence, instructing and returning to their homes. Such troops as may participate therein.

Deaths in Canal Zone.

WASHINGTON, March 25.—Only two deaths occurred among the 554 white laborers in the canal zone during February. Black water fever caused one of these deaths, and the other was an infant. The annual death rate has now fallen to 4.2 per thousand.

DETWEILER NOT NOW IN EGYPT.

PROOFS SHOWN IN TOLEDO THAT HE HAS RETURNED.

Correspondent of "The Times" Procures Confirmation of Report That He Was in That City Last Friday—Dined at Hotel Manhattan, New York, Wednesday Preceding.

(BY DIRECT WIRE TO THE TIMES.)

TOLEDO (O.), March 25.—[Exclusive Dispatch.] In spite of the assertion of the detective of William Burns of San Francisco, who was recently in Toledo securing information for the Detweiler case, that the reports sent out from Toledo were false and that A. K. Detweiler is not in this city but in Egypt, the correspondent of The Times was tonight shown information confirming the statement made by George K. Detweiler, that Mr. and Mrs. A. K. Detweiler arrived last week from Europe.

The correspondent of The Times was shown a letter received today by Harry S. Robinson, from his mother, Mrs. C. M. Robinson, stating that Mr. and Mrs. Abraham K. Detweiler and Mr. and Mrs. C. M. Robinson were members of a little dinner party at Hotel Manhattan at New York City, last Wednesday evening. She writes that the four dined together, that the Detweilers had recently arrived from Europe, and that they expected to take a train from New York to Toledo last Thursday evening. If true, they would have arrived in Toledo last Friday evening just as George K. Detweiler says they did.

C. M. Robinson was until recently a wealthy Toledo man. He is now in California. They were social intimates of the Detweilers, not only in Toledo, but also met them in the West frequently.

Harry S. Robinson is president of the Ohio Cocker Company, manager of the Robinson Manufacturing Company and treasurer of the Toledo Symphony Orchestra. He is a prominent Toledo man. He is now in California. They were social intimates of the Detweilers, not only in Toledo, but also met them in the West frequently.

Gustave Belir, a prominent wholesale dealer here, and several other prominent Toledo men, have been called by the Detweiler case. They say Detweiler entered the First National Bank Friday last. Business associates of Detweiler here believe that he will not try to evade the San Francisco courts.

They think it would be quite useless and foolish, and he is not blamed by them for attempting to secure a line of credit before submitting himself to the members of the "parliament" committee at Golden Gate city. George Detweiler today announced that King & Tracy, one of Ohio's most prominent law firms, have been retained as counsel for A. K. Detweiler in his affairs tonight, have been placed in their hands. He refused to outline what defense will be made, but says they will be able to raise the bond of \$120,000.

A peculiar coincidence turned up this afternoon in connection with the reported departure of Detweiler for the West, and the departure of the secret service officer for Chicago, which is in the "Pater" case. The latter left yesterday afternoon. Some think one is in custody of the other.

GALE AND FIRE MENACE.

COLORADO SPRINGS (Colo.) March 25.—[Exclusive Dispatch.] A city was menaced this morning by a gale blowing seventy-eight miles an hour during the time that a prairie fire raged southeast of town in the right direction to be driven toward the city.

The danger was averted, but much damage was done by the gale, which broke windows, tore down signs, uprooted telegraph and telephone poles, and left debris of all kinds down. Mrs. Fannie B. Morrison, Chicago, sister of a Chicago capitalist, narrowly escaped being blown away. She lost her watch and purse, the latter containing a small sum of money. During the gale, dense clouds of smoke were down the streets, and it was possible to see across the thoroughfares. The storm, the most severe in nine years, compelled a suspension of business. It abated at 4 o'clock this afternoon, and the weather cleared rapidly.

NOW FOR POLICE.

(Continued from First Page.)

They allege that he is being hampered in the preparation of his defense, as he is not permitted to interview his witnesses, and others who might be of assistance to him in his trial.

Complaint was also made that even Ruef's office staff, with the exception of his office boy, are not permitted to see him. The defense asserts that Ruef's custody is not legal, as at present constituted, and that technically it is solitary confinement.

OUTRAGE ON GRAVES.

Vice-President of Farmers' and Merchants' Bank Wronged by "Examiner."

(BY DIRECT WIRE TO THE TIMES.)

IMPERIAL JUNCTION (Cal.) March 25.—[Exclusive Dispatch.] J. A. Graves, vice-president of the Farmers' and Merchants' National Bank of Los Angeles, being interviewed here tonight, on his return from Calexico, emphatically denies the statement in today's Los Angeles Examiner that he is implicated in the Home Telephone bribery matter. He says he has never in any manner been interested in that company or the Empire Construction Company. He says further that the Examiner has blunderingly confused him with F. F. Graves, in no manner related to him, who was the original promoter and general manager of the Home Telephone Company.

J. A. Graves is justly indignant in his condemnation of the outrage perpetrated on him by the Examiner, when the slightest inquiry would have established the fact that he has no interest in the Home Telephone Company.

LOAFERS ARE ON LAST LEGS.

Saloon Men and Barbers Quit World Workers.

Employers Repudiate Members of Union Body.

Miners Meet to Conduct Own Elections.

(BY DIRECT WIRE TO THE TIMES.)

GOLDFIELD (Nev.) March 26.—(Exclusive Dispatch.) The last straw to burden the anarchistic back of the Independent Workmen of the World is their utter repudiation by the saloon owners and bartenders, a powerful and numerous element in Goldfield.

Today many of the keepers of the largest saloons signed the resolutions adopted by the Goldfield Business Men's and Mine Owners' Association, which means that henceforth they will deny employment to any I.W.W. bartender, and by tomorrow night the bartenders will practically have all deserted that disturbing body. The barbers will be the next to quit the agitators.

Tonight the miners are meeting to elect their own officers and will no longer be controlled in their celebrations by the I.W.W. It is probable that before adjournment they will nominate a committee to confer with a delegation to be chosen by the mine operators.

Acting President Mahoney of the Western Federation of Miners states that it is impossible for the miners, at this time, to sever all connections with the national I.W.W., but that they can withdraw locally, their action to be subject to approval of the national convention to be held in May.

Confidence is returning and the hope that before long the I.W.W. will be completely out of business in Goldfield is evidenced by transactions on the local stock exchange today, when an advance was scored by almost every security.

Today's testimony was a repetition of that offered yesterday, and had to do with a comparison between the salaries of the telegraphers and other employees of the company. It was shown that the members of the Brotherhood of Railroad Trainmen, conductors, brakemen and yardmen, were granted an increase of 12 1/2 per cent. in 1903, while no corresponding raise was made in the wages of the telegraphers.

IRON TRADES WILL STRIKE. BAY CITY UNIONS "AT IT."

(BY THE ASSOCIATED PRESS—A.M.)

SAN FRANCISCO, March 26.—On May 1, next, all the iron trades in San Francisco, comprising twenty-one unions and 6000 men, will strike for an eight-hour day. This action was decided upon at an early hour this morning in a protracted meeting of the Iron Trades Council. The strike will affect the Union, Rialson and Fulton iron works; all the machine, copper and boiler shops in the city and all the construction work which requires the use of iron. It is anticipated that small shops will concede the demands, but the big three may fight. If they resolve to do so, the complications will be serious, as the last strike lasted for ten months.

The argument of the employers in resisting the demand is that they cannot grant an eight-hour day and compete with the eastern manufacturers, who plan on the basis of the nine-hour day prevailing throughout the East.

DISEASE STOPS NAVY RECRUITS.

SPINAL MENINGITIS CLOSES THE BREMERTON YARD.

Training Ship Philadelphia and Barracks Are Under Quarantine in Effort to Confine Disease; Embargo Is to Continue Until Sickness Is Conquered.

(BY DIRECT WIRE TO THE TIMES.)

SEATTLE, March 26.—(Exclusive Dispatch.) Spinal meningitis has broken out at the Puget Sound navy yard, and several cases exist on the training ship Philadelphia. The naval recruiting office in Seattle has been notified it must close temporarily and no more recruits will be accepted at Bremerton until the disease is stamped out.

Spinal meningitis is reported to have broken out both in the barracks of the men at the yard and aboard the training ship. Telephonic advices from Bremerton state that Admiral Burwell has ordered both the training ship and the barracks quarantined and will endeavor to confine the disease to the two places.

None of the officers on the Philadelphia are allowed to come ashore and no one is allowed to visit the barracks. Telephonic orders from Washington closing the naval and marine corps recruiting offices today were received at noon today. These offices will remain closed until the disease at the navy yard is conquered.

KEPT OFF THE STREETS. KUTAI (Russia) March 26.—Orders have been issued preventing the people of this place to walk the streets between the hour of 6 p.m. and 7 a.m. This action is taken because of the murder of a police officer.

TO OPEN GOLD FIELDS. CAPE TOWN, March 26.—It was announced today that a proclamation would be issued about the end of April opening the Matladi gold fields to public digging. Official assays show an average of over one ounce of pure gold to a ton. This step is considered of great public importance.

FLASHES FROM WIRES. A letter received at Willemstad, I. and of Caracas, yesterday, by the Venezuelan consul from Caracas says that Gen. Juan Pablo Penabaz, who was reported early in the month to have started a serious rebellion in the State of Tachira, Venezuela, has been defeated, that he is being pursued by the government troops, and that his capture is shortly expected.

ROADS LOSE FIGHT. TAXATION BILL PASSES.

(BY THE ASSOCIATED PRESS—P.M.)

OMAHA, (Neb.) March 26.—The passage by the Nebraska Legislature of the bill for the reduction of taxes on roads and railroad property in cities and villages for local purposes on the same basis on which other property is taxed, has been a long and hard fight. The bill was introduced in the Legislature of 1901, and has been waged with bitter spirit in every succeeding session, and it has been the object of the late Edward Rosewater, editor of the Bee.

The bill will increase the annual assessment of the roads in Nebraska more than \$500,000 on their present property, to say nothing of vast improvements made since 1901, and \$125,000 of which will go into the city treasury of Omaha.

Heretofore roads have been taxed on the basis of the value of the property, shops, stations and other terminal properties almost entirely escaping taxation. The bill provides that the franchise value of roads shall be included in the property subject to this tax, except that the valuation shall be based on the value of the property in the bulk in the local community as the tangible property is done.

The bill will be to the Governor today and will be signed by him.

WINS IN TWELFTH ROUND. DULUTH (Minn.) March 26.—(Exclusive Dispatch.) Ben Tremble of Duluth was defeated by Mike Shreck in the twelfth round at Hobbing, Minn. tonight. Tremble took much heavy punishment, being knocked down ten times. Honors were even for the first six rounds. There was a big attendance from Duluth and the Northwest.

Stahl Resigns. BOSTON, March 26.—Charles S. Stahl, manager of the Boston American baseball team, has resigned. He will retain his position as captain. John I. Taylor of Boston, owner of the club, will act as manager.

Waits for Car on Wront Street. I have met the most absent-minded man in New York. Some months ago I thought that I had found him in a local hotel on Wront Street. He was waiting upstairs to dress for dinner would absent-mindedly go to bed instead. But the fellow was displaced by a young writer who would put his foot up on a chair to tie his shoe, and then, forgetting what he did it for, he would go back to his room and stand up in it. Then I met a woman who confessed to looking absent-mindedly in the back of her hand mirror. She was looking at her hair when she wanted to see the back of her head, and I thought that she had gone the furthest of her kind. But I have met the king of the absent-minded world now. He is a young man, and every once in a while waits patiently half an hour for a car in a street on which no cars run. He has confessed it, but every once in a while he does the trick right over again.—Pittsburgh Dispatch.

LIVAN IS BETTER MAN.

Palmer Proves no Match For Foxy Twin.

Irishman Falls to Defeat in Tenth Round.

For Is Game and Takes Much Punishment.

Palmer, the much-heralded English heavyweight fighter, proved no match for Jack (Twin) Sullivan last night and went down to defeat in the tenth round.

Irishman landed a glove on the live American, but in return received a beating. He seemed unable to evade punishment in comparison with Sullivan looked as a novice.

He received a blow in the eighth round, when Sullivan dropped him a hard left to the solar plexus. Englishman went down on his knees, uttering a groan written on his face. He took the count of eight and sagged to his feet, but was unable to straighten himself up. Sullivan shed a sweat, but Palmer covered his face with his hands and his stomach with his elbows.

Sullivan then landed on the head and inner down for a second time, hitting the full count. He was still very groggy when he arose. Sullivan swung his right on the back of a neck and dropped the Englishman again. At the count of six the going was, of Palmer probably would have been out. He was helped to his corner.

When the ninth round opened Palmer was unsteady on his feet, and it seemed as though he would be put out a few seconds, but he covered so effectively that he lasted out the round, although he fell twice for the count from sheer weakness, after attempting to swing his right.

PALMER IS GAME.

The finishing blow came in the tenth when Sullivan finally got an opening for a right cross to the chin. Palmer dropped to his hands and knees, but gamely refused to go down and out. Jimmy Lewis, his manager, then threw the towel into the ring in token of defeat.

Palmer proved game to the core, but was outclassed in everything that goes to make an effective fighter in America. His footwork was good, but his defense otherwise was vulnerable. His much-vaunted left jab was cleverly avoided by Sullivan, and the Englishman scarcely laid a glove on him, except in the last three rounds, when the American took little pains to avoid the blows in his eagerness to finish the battle.

Sullivan scored a knock-down in the third round, when he landed a right swing punch on the jaw and dropped Palmer heavily, the latter's feet flying out backward from under him. At the count of three the going rang, and from Palmer's condition it appeared as though he was saved from defeat right there.

Earlier in the third round, Sullivan landed a hard left swing to the right eye, and in succeeding rounds the optic swelled and blackened. Later in the fight Sullivan put the left eye somewhat to the test, but the Englishman's vision was not affected.

Sullivan's tactics of defense seemed to baffle Palmer completely. The latter seldom opened his eyes, and he dodged and feinted in order to draw Sullivan out, but the foxy Irishman would not be caught and covered up instead.

Palmer was awkward-appearing in action, and seemed to have little command of his offensive power. He lunged about and led occasionally with his left, but Sullivan always blocked cleverly. Two or three times Palmer tried a right swing and showed that he had plenty of steam behind his blows, but at such times the foxy twin was far away and the blows fell away into space.

Palmer was greeted with great applause when he entered the arena. He accepted the ovation with a grateful wave of his hand. Sullivan was also cheered. There was no difficulty regarding the gloves, the Englishman and his manager paying no attention to what Sullivan was doing.

Tommy Burns appeared at the ringside and was given an ovation. He took the greetings modestly and shook hands with both principals. When Charlie Eylon, the referee, stepped into the ring he was cheered to the echo. He had an easy time giving the decision.

STORY OF THE BATTLE.

The men faced for a full minute. Palmer elected to battle at long range and skipped away from the twin, who at once took the aggressive. Sullivan opened proceedings by sending in a hard left to the body. Palmer got in a light right to the body and Sullivan upturned right to the face. Palmer had a harking sort of style which made him appear very awkward.

In the second round Palmer pushed over a light left jab to the face, and followed it with a right to the jaw, the blow did considerable damage. He then swung three lefts to the body, a left to the nose, and a right to the jaw, all without a return, although Palmer tried hard to land. Twin sent a hard right to the jaw and Palmer went down, the left intervening at the count of three.

Palmer began covering up in the fourth and the twin started in to find an opening. He swung a left to the neck and crossed over with the right to the jaw. Then followed with rights and lefts to the face. Palmer's left eye began to swell.

In the fifth Palmer contented himself with remaining on the defensive. Sullivan swung two lefts to the body, a hard left to the neck, right and left to the jaw, an uppercut and a left jab to the jaw. Palmer appeared in distress.

PALMER COMES BACK.

For a brief space in the sixth Palmer tried to be aggressive, and sent a left to the jaw. Sullivan came back with a right to the jaw and two left swings to the face. Palmer got in a right to the head, and Sullivan returned with a right to the jaw.

Palmer sent a left swing to the body in the seventh, and Sullivan returned the compliment with a left to the ribs, a right to the face, and Sullivan.

JOHN BULL'S SURPRISE WILL PROVE STUPENDOUS.

and it was not an interesting battle from the spectators' point of view, as one round was much like another.

Thompson weighed in at the ring-side and the weight required. Hyland made the weight without difficulty, but was unable to land a knock-out punch on Thompson, who took punishment without ever backing up.

Hyland started off like a winner, and in the third and fourth rounds it looked as though he would win, but in the seventh and eighth, and had Hyland badly worried.

In the ninth Thompson took another spurt, and forced Hyland all over the ring. The nineteenth and twentieth rounds were the most exciting of the fight, and the superior strength gave him an advantage, and he finished a shade stronger. The boys drew a crowded house worth \$6000.

PAPKE GETS DRAW.

OUTRAGED BILLY RHODES.

(BY DIRECT WIRE TO THE TIMES.)

DAVENPORT (Iowa) March 26.—(Exclusive Dispatch.) Billy Papke, the Spring Valley hurricane fighter, set a terrific pace for Billy Rhodes of Kansas City through fifteen rounds of rough milling, tonight, and although the referee called it a draw, Papke had outlasted his older opponent throughout the fight, had him battered and bleeding. The next round were of the same character, Rhodes standing up gamely under a hard beating. The fifteenth round was a melee.

MAY POSTPONE IT.

Manager Henry Berry of the Los Angeles club received a letter yesterday from President Cal Ewing of the Pacific Coast League in which it was stated that the opening of the season might be postponed until Saturday of next week on account of the condition of the ball grounds in both Oakland and San Francisco. Ewing stated that in the last two weeks they have been able to do only two days' work on the grounds and grand stand on account of bad weather and private information from San Francisco gives the news that the grounds in both cities are regular seas of mud. It is possible that San Francisco and Portland can play in Oakland the first week and if they do this it will not be necessary to postpone the season. If a postponement is necessary a new schedule will have to be made out in all probability. It would merely mean making the season one week longer. It is expected a decision will be reached today.

Team to Leave Tonight.

STANFORD UNIVERSITY, March 26.—The varsity track team of fourteen men, accompanied by Manager Sales, is to leave tomorrow night for Los Angeles, to work on account of the University of Southern California next Saturday. A telegram was received from Coach Holmes of the latter university this afternoon, guaranteeing \$250 for expenses, and consenting to take the relay five points. This was a matter of dispute, as Holmes wanted it raised to count ten points.

Court Sustain Ejection.

ST. LOUIS, March 26.—The United States court of appeals yesterday in an opinion reversing the opinion in the Federal court yesterday, ruled that the damage suit of W. H. Smith against the Missouri, Kansas and Texas railway train makes him subject to arrest, regardless of whether he later changes his mind. Smith was put off a train after having refused to pay his fare, and despite the offer of another passenger to pay his fare.

THOMPSON DRAWS.

TERRIFIC FIGHTING.

(BY DIRECT WIRE TO THE TIMES.)

SAN FRANCISCO, March 26.—(Exclusive Dispatch.) After twenty rounds of rough fighting, the battle tonight between Cyclone Thompson and Fighting Dick Hyland was called a draw by Referee Jack Welsh. Thompson got in a right to the jaw, and Hyland had a slight advantage on points and landed cleaner blows.

Out of the twenty rounds Thompson had only a pronounced lead in four. He cut Hyland's mouth in the eighth and Dick was bothered with blood after this in several rounds. There was a

and it was not an interesting battle from the spectators' point of view, as one round was much like another.

WHITTIER WINS HONORS.

Boys' Basketball Team Defeats the Riverside Five in Exciting Championship Game.

The boys' basketball team of Whittier High School won the championship of the Southern California High Schools last night at the Whittier gymnasium by defeating the boys' team from the Riverside High School, the score being 35 to 19. It was a very fast, snappy game, but the Riverside boys were outclassed, both in weight and speed, as the score shows. Within two weeks the Stockton team, which is said to be the high school champions of Northern California, will play the Whittier team at Whittier for the State championship.

The line-up of last night's game was as follows:

Whittier:	Riverside:
Caster	Forward
Forward	Holman
Forward	McDonald
Williams	Center
Hatch	Guard
Way	Guard

DEATH VALLEY'S DEPTH.

Computations of the Geological Survey That Take Account of Salton Sea.

Contrary to the generally accepted notion, Death Valley, Cal., is not as deep as has been supposed, say experts of the Geological Survey, who have recently completed a line of spirit level through that region. While not giving the final computations, they state that the preliminary figures show for the lowest point a depth of 275 feet below sea level. Bennett's Well, which is near this point, is 266 feet below sea level. The Geological Survey now has elevation marks on the highest and lowest points of dry land in the United States.

"It is a strange coincidence," says an official statement today, "that these two extremes are both in Southern California and only seventy-five miles apart. Mt. Whitney is a foot or two over 14,500 feet above sea level, while Death Valley, as above stated, is 275 feet below. Before the Salton Sink, also in Southern California, was needed by the Colorado River, it contained the lowest point of dry land in the United States, a spot 287 feet below sea level."

To keep in touch with the hobby during the winter months, members of the Minneapolis Automobile Club will have late models of cars exhibited at their club rooms for study at leisure.

NAGLE SIGNS NEW CONTRACT.

The many friends of Walter Nagle, one of the pitchers on the Los Angeles ball team, will probably be surprised this morning to learn that he is to be married about May 15 to Miss Lota M. Pedigo of Santa Rosa, a telegram from that city last night stating that the engagement had been announced there yesterday. It is understood there will be a short honeymoon trip and after returning here the latter part of June, the couple will reside at Santa Monica.

OAKLAND RACING.

SPORTS BUMPED BY FAVORITES.

San Francisco, March 26.—Last Faustus, played from 4 to 1. To 15 to 1, gained a head victory over Dick Wilson, favorite for the first race at Oakland today. Kink Thorpe, another good thing, finished third in the same race. The favorites fared badly until the fourth and fifth events, when Briers and Nonie Lucille rewarded their backers. The weather was fine and the track heavy. Results:

Six furlongs: Last Faustus, 104 (McRae), 15 to 1, won; Dick Wilson, 104 (Borah), 12 to 5, second; King Thorpe, 104 (Kirschbaum), 20 to 1, third; time, 1:13. Emma Reubold, Jerusha, Avon, Galsworthy, 104 (F. Wilson), 16 to 1, fourth; time, 1:13.5. Mistress of Rola, Rival and Proceeds finished as named.

Six furlongs: Calendar, 108 (J. Hunter), 7 to 1, won; Nancy W., 108 (A. Brown), 9 to 5, second; time, 1:13.5. Bertie A. Pasodella, Fritz, Eudora, B. Carman and Florens also ran.

Six furlongs, selling: Mimmo, 109 (Kocher), 8 to 1, won; Eduardo, 109 (Kocher), 12 to 1, second; Marie H., 109 (A. Wright), 8 to 1, third; time, 1:17.5. War Times, Alice Carey, George P. McNear, Box Elder, Royal White, Pelham and Greenore finished as named.

One mile and a half, selling: Briers, 108 (Buxton), 8 to 5, won; Little Mirthful, 108 (Kocher), 4 to 1, second; Bonar, 107 (Graham), 6 to 1, third; time, 1:53. Orphan, Baker, Jim Pen-dergast, Canajo and Tarrigan finished as named.

Five and a half furlongs, selling: Nonie Lucille, 108 (Koerner), 3 to 2, won; Galsworthy, 104 (F. Wilson), 16 to 5, second; Beechwood, 97 (Jarrett), 13 to 1, third; time, 1:10. Eudora, Theo Case, Tada and Bantam finished as named.

Seven and a half furlongs: Pontotoc, 107 (Koerner), 6 to 5, won; Tarp, 106 (Fischer), 4 to 1, second; Lone Wolf, 107 (J. Hunter), 4 to 1, third; time, 1:33.5. The Captain, Florence Fonso, and Eckersall also ran.

Card at Bannings.

WASHINGTON, March 26.—Bannings results:

Six furlongs, Columbia course: Lady Vera won, Kankakee second, Wheat third; time 1:17.5.

Half mile: Queen's Souvenir won, Tray of Spades second, Giles third; time 0:50.4-5.

Six and a half furlongs: Workman won, Aseline second, Wabash Queen third; time 1:24.

Seven furlongs: Black Mate won, Camper second, Sally K. third; time 1:25.

Six furlongs: Akbar won, Parkville second, Jerry third; time 1:13.5.

Handicap, one mile and forty yards: Bonoma Belle won, Ormonde's Right second, Sailor third; time 1:46.3-5.

Oaklawn Events.

HOT SPRINGS, March 26.—Oaklawn results:

Four furlongs: Chulita won, Broadacre second, Daisy Shine third; time, 0:49.

Three and a half furlongs: Bewitched won, Hasty second, Boll Weevil third; time, 0:42.5.

Five and a half furlongs: Glendover won, Demo second, Tom Gilroy third; time, 1:40.

Six furlongs, handicap: Mike Sutton won, Hannibal Bay second, Dr. Mack third; time, 1:14.

Five and a half furlongs: Dixie Andrews second, Clear Night third; time, 1:42.4-5.

One mile and sixty yards: Bachelor won, Florized second, Belden third; time, 1:44.4-5.

CARDINAL FRESHMEN.

Stanford Boys Ready for California's "Babies" in Next Saturday's Track Meet.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

STANFORD UNIVERSITY, March 25.—The Stanford freshmen have rounded into shape for the meet with the first-year men of California. Saturday. Material is plentiful, but much of it is mediocre and the selection of point winners is rather difficult. In the dashes Hood and Scott are the best performers, each doing the hundred in 10.2-5. In the 400-yard dash, Weaver and Pemberton are the best, each doing the dash in 1:10.5. In the 800-yard dash, who showed up well in the meet with the Bay Counties League. This race was won by Macaulay of Alameda in 2:15.5, which was remarkably good time, considering the fact that it was run in a pouring rain on a sloppy track. Stanford has three good freshmen hurdlers in Heiseley, Grady and Drew.

In the distance runs the Cardinal will be represented by the Blue and Gold freshmen by Maundrell, Lowell's former star, and Shelton, a brother to the man whose work is comparing favorably with that of Miller and Nash on the "variety" squad. Scott, the all-around athlete of the class, will be the best man in the broad jump and pole vault. Upon him will enter these events. Poor will enter the high jump, and can reach 5 ft. 7 in. In the hammer throw and shot-put, Heiseley is Stanford's best freshman performer, while Hilt should get second or third place. Beyond this no line can be had from the possibilities of the Cardinal track team, since most of the men are unknown. They have had but one outside meet, and this was held under such unfavorable conditions that there was little opportunity to show what they can do.

The freshman meet Saturday will be held at Stanford, and will be the first of its kind. There is a great deal of speculation as to its probable outcome, but any forecast would be purely guesswork.

Lost!

Don't give up hope, lose heart or become discouraged if you have lost a valuable. Many many times the article has been restored to you through advertising in the "Lost and Found" column of the Times. Neither is there reason to be discouraged on a "lost" article. The "Lost and Found" column of the Times regularly if you have the lost and found article to "discover" them. LIKE SOUR BUGS, THEY'VE FADED.

Former Labor Union Bosses Who
Have Disappeared from View in Los
Angeles—And there's a Hole in the
Union Funds.

Exit Mr. Darrow, somewhat sadder.

EXIT Mr. Darrow—somewhat sadder.
He has "found out about Los
Angeles labor conditions."

Mr. Darrow is one of the lawyers
who are to defend Hayward, Moyer
and Pettibone, the union miners
accused of the murder of Gov. Stuenkel
in Lihilo.

Mr. Darrow burst into town a few
days ago. About the time he was
thus bursting, it was coyly announced
that more money must be raised by
union men to pay the lawyers and
court costs of Hayward, Moyer and
Pettibone. Why did Mr. Darrow come
to Los Angeles, Mr. Bones?

Wherefore Mr. Darrow started
about Los Angeles, visiting the vari-
ous union meetings, "investigating
union conditions."

What he found must have been dis-
couraging, indeed.
The conditions in the labor-union
world since the melancholy fiasco of
the last city election, have been melan-
choly.

The flight of Francis Drake, the "big
smoke" of local unionism, has left
union politics dead. Los Angeles
unionists will probably never enter
politics again.

Drake is hanging around San Fran-
cisco and Oakland and has been
called one of the officers of the union
machine there.

Drake was looked upon here as the
most capable man in the union. He
was something of a boor, but keen
and sly—a born adventurer. Some-
where in the dim, distant past he
worked for a living; but for many
years he has been following the walk-
ing delegate business. He was im-
ported from the East for the express
purpose of ruining The Times.

His undoing came about during the
last city election, when he conceived
the idea of snatching a labor-union
victory out of the row in the Republi-
can party. He is said to have used
fundament out here for other purposes
and turned them to the support of
the public ownership party. He
used the campaign funds, not where
they would do the slightest good in
the world, but in decorating all the
telegraph poles.

His political experiment was a crush-
ing disaster.
Financially ruined by his election
bets, miserably defeated, disgraced by
the unions, he fled from the wrath he

OLD TOM.
Another face that is missing at the
window is that of old Tom Fennessy,
who was in the union business for the
fun of fighting and who was in many
ways the most decent of them all.
Since the election, he is completely dis-
credited. Shorn of his jacket and his
peacock feather, he is working around
the Examiner office—an object of anxi-
ety to Uncle Heine and of hatred to
the unions, who have turned against
him—holding him responsible for the
Drake for the election fiasco into which
good union money was poured like
water.

Another of the leaders was Arthur
Hay—Drakness and Hay formed the
sacred triumvirate.
Hay is an officer in the International
Typographical Union. Since the spring
election, he has paid no attention
whatever to local union affairs. His
present anxiety is to keep quiet and
out of the way. Hay is the man who
went to San Francisco at the time of
the election of the Schmitz-Ruef outfit
and was parading himself around that
city. "Me and Los Angeles rushes to
the rescue." He undoubtedly took
union funds from Los Angeles to help
in the election of Schmitz-Ruef. In
return he was promised the help of the
San Francisco union when the Los An-
geles election came off.

Hay went proudly about San Fran-
cisco at that time basking in the fame
of being one of Ruef's advisers. He
attended all the secret councils.
All his prayers now are that the

erably defeated. Every union that has

The plumbers who were formerly
very arrogant in Los Angeles are now
very weak. New plumbing shops are
constantly becoming "open shops."
Not long ago the plumbers ruled things
here in many shops with insulting
tyranny.

One of the master plumbers, de-
scribing their manner of conduct, said:
"They would never ask me decently if
I would discharge some man whose
branch of unionism they suspected."

FLOOD GOUGES ESPEE LANDS.

Acres Are Washed Away at
City Limits.

Railroad Buys Many Farms
in River Bottom.

Yards to Be Extended and
Factories Built.

Hundreds of acres of land have been
recently bought by the Southern Pa-
cific in the river bottom extending
from just within the city limits along
the San Fernando road toward Tropi-
co out beyond the old Hunter ranch.
For some of his land the railroad has
paid as high as \$1500 an acre.

The railroad yards will be extended.
But according to inside information
this is not all. The railroad has no use
for land away out in the river bottom
to extend its yards to. But this land
is valuable for the location of factories
and shops contiguous to railroad fa-
cilities, and this is said to be the ul-
timate use they will be put to.

The old Hunter ranch was recently
bought by the Southern Pacific at an
alleged price of \$42,000. The old Chi-
nese gardens just beyond the city lim-
its where vegetables have been raised
has also been gobbled up. The big al-
falfa field of eight acres extending
from the present Espee tracks to the
river proper, through the middle of
which the city limits run, has also
been secured, the price said to be \$1200
an acre.

Then, just within the limits, the ac-
res of the old Tokile homestead, sur-
rounded by giant pepper trees, has been
recently bought. The owner of this
property reserved the house, which
was located with goods for delivery
here.

In fact the house is now threatened
with being moved sooner than the owner
expects, by the river itself, and in-
cidentally the railroad company has
located the house in three acres of
valuable land.

After passing the Chinese gardens
the river's channel takes a sweep east-
ward straight toward the San Fernando
road, then turns down and runs in an
almost straight line toward the pigeon
farm, and the bluffs of Elysian Park.

But last week the river, swollen in
flood, forgot to take its old familiar
course, it ran straight down the middle
of the city limits, cutting a swath through the elders
and willows of the river bottom, washing
out a berry field and an alfalfa patch,
until it straggled right along the
old homestead lands.

Thirty feet high, the bluff seemed to
impose a barrier to the flood, and
already withstood numberless other
floods, but this was a peculiar corpora-
tion, prejudicial flood. The Southern
Pacific now owned the land and the
flood was hungry.

FLOOD IS GREEDY.
In one night the river cut through the
bluff as though it was made of clay,
swallowed up and washed away the
big barn in the rear of the house, un-
dermined and tumbled in a great heap
half a dozen big pepper trees, and left a
terrifying looking gap where the garden
used to be. It was only the greediness
of the flood, which saved the house
from going down stream and a wash-
out of the main Espee track.

When the big pepper trees were
washed out and tumbled into the
stream their great earth-laden roots
acted as an anchor and the big trees
becoming entangled formed a gigantic
breakwater of tree trunks and branches,
effectively stopping the force of the
flood from biting into the bank, un-
dermining it and then washing away
the thousands of tons of earth, which
fell with a roar into the waters.

Now the river has changed its course
and is flowing in a new channel close to the east bank
of the river bottom, scooped out part of
the old river bed, and then turning
round and flowing in a new channel
close to the east bank of the river
bottom, scooped out part of the old
river bed, and then turning round and

PUBLIC SERVICE.

SUMMARY OF THE DAY.

The Royal Arch won over the Crown Hill Improvement Association yesterday by securing a liquor license west of the Third-street tunnel; the breweries have worked for this license for five years.

Charging sharp practice, the Police Board revoked the license of the Crowley Labor Bureau yesterday.

Mayor Harper has named his brother, Rev. E. J. Harper, pastor of Knox Presbyterian Church, to the position of city forester, at a salary of \$150 a month.

Commissioner Cole persuaded the Police Board yesterday to cause an investigation to be made as to the fire protection afforded in the boxing pavilion at Naud's Junction. He intimated that it is a fire trap.

Argument in the William Proper murder trial will be begun this morning in the Superior Court. The defendant was placed on the stand yesterday and told his story of the shooting, contradicting the ante-mortem statement of George Speke.

A divorce was granted yesterday to Mrs. E. M. Burendum from H. G. Burendum, former manager of the Japan Saddle Company, who recently confessed embezzling funds and then left. Morris Duffy, a Pacific Electric employee, was arraigned before Justice Rhodes yesterday on the charge of passing counterfeit money. He was acquitted by a jury.

Joseph M. Rogers, recently extradited from New Orleans, was arraigned in the Police Court yesterday on the charge of forgery, and bonded over for trial.

AT THE CITY HALL.

ROYAL ARCH WINS BOARD.

LIQUOR ZONE GOES WEST OF THIRD-STREET TUNNEL.

Five-Year Fight Victory for the Brewery Forces—Request of Crown Hill Improvement Association for Information Ignored, and Members Not Even Award Application Had Been Made.

The Royal Arch scored a surprising victory over the Crown Hill Improvement Association and the West End people yesterday by securing from the Police Board a license for a liquor store at the west end of the Third-street tunnel.

For five years and through three administrations the liquor forces fought to secure the extension of the liquor zone west of the Third-street tunnel. Always the protest from the people there was so strong that Police Commissioners, while virtually under the control of the Royal Arch, shrunk from granting the desired permit.

At yesterday afternoon's session of the board, however, appeared a report from the Chief of Police on a petition from F. Bottler for a whole liquor license at No. 516 West Third street. It was the first time that the petition was mentioned in open board meeting. There were no protests for the reason that there had been no publicity.

Accompanying the petition was another signed by a number of the property frontage in the block. This the Police Board considered sufficient reason for granting the license. Explaining why there were not more signatures, one property owner said: "There are two drug stores in the block. If the brewery stores as often as the wholesale place as it does in front of those drug stores Bottler will do a fine business."

An application similar to the one granted yesterday was made by the Bottlers last August. That time, it was made public when presented and the West Enders made so vigorous and violent protest that the application was withdrawn.

Applications for a wholesale license at this location and adverse reports from chiefs of police on file in the records of the Police Commission. Chief Kern was considered enough to forget all about them when he made his report. This is contrary to rules and precedent of the Police Commission. No motion was made to reconsider yesterday's session that there has ever been a protest against extending the liquor zone west of the Third-street tunnel. The proceedings looked like a "frame up" by the Royal Arch.

After the session Secretary McKenna of the Police Board gave the following explanation of the manner in which the petition was filed: "Attorney Dockweiler brought it with him last Tuesday when he came to address the board in behalf of the William Proper on the witness stand, yesterday, in his trial for the murder of George Speke. The prosecutors believe he threw the revolver into the mud, with the intent to hide it, and as at the dying negro, who he had shot three times through the body. Shortly after 4 o'clock yesterday afternoon the defense rested, and recess was taken until this morning, when argument will be begun. The case probably will go to the jury this afternoon. The prosecution rested at noon, after having introduced the ante-mortem statement of George Speke, as taken down in shorthand by the police department's stenographer. Mr. Hill read from his notes. 'I can't make a statement now,' the dying man had said. 'Yes,' in answer to a question, 'he tried to hide me up at the dying negro, who he had shot three times through the body. The statement went on with question and answer, 'that is the — that shot me. I tried to kill him before I was hit. I knew it was no use to run. The other man was trying to hold me. Laramie, too, had been brought in, and was identified by Speke. 'Proper story, on the witness stand, yesterday, was in direct contradiction to the dying statement of Speke. 'The bartender told me to take Laramie home,' he said, after telling of the arrival of the saloon-keeper, with some others, among whom, he says, was the man who shot me. 'He failed to notice Speke. 'He fell several times before we got to Seventh and Mimosa. When he got to Oceanview in the car, into the place I was hired as watchman for, I heard some one call: 'Hi, keep out of this. If you cover there I'll cut your throat. He came over and cut me. I fired the shot into the ground, to scare him, and then he dashed in in my face. Before I shot him he had cut me in the breast.' The witness also testified that a man employed by chairman of the Property he was guarding for W. E. Judson, had kicked in the door of the house one night, chasing him (Proper), outside to prevent him from making away. Because of this, he stated, he had secured the weapon with which he shot Speke.

CROWLEY LOSES LICENSE.

SHARP PRACTICE CHARGED.

Alleging sharp practice in dealings with workmen seeking places, the Police Board revoked the license yesterday of the E. H. Crowley Labor Bureau, at No. 111 East Second street.

Charges were preferred against this agency a week ago by C. Castruccio, Italian Consul General, in behalf of a number of his countrymen. These charges were supported yesterday by others made by Assistant City Prosecutor Eddy. Mr. Eddy said that during the last year probably 200 complaints have been made to him about the manner in which the Crowley agency secures money from persons seeking employment. During the same time fifty complaints have been lodged against all other agencies in the city.

Eddy expressed the opinion that the board could produce evidence in court sufficient to justify the commission in revoking the license.

Consular Agent Castruccio said that he has received hundreds of complaints from his countrymen about the methods used by the Crowley agency to get money without furnishing employment. Attorney Jones protested on behalf of Crowley. He said that he was ready to show that the action of the agency had been regular in every instance. Mr. Eddy here explained that it is extremely difficult to get evidence

against Crowley, for the reason that he always takes care that at least two of his people shall be present when a contract is closed; also that the applicant is alone, and the most given is a printed form cunningly worded so as to show nothing.

It is the same story told in the same way by scores of men of different nationalities, said Eddy, "each knowing that when the other bears witness to the manner laborers are treated by Crowley and his employees."

Crowley stated he will take the case into the courts, and insists he has treated his customers right.

CLOSED TOWN—NIT!

Police Commissioner Cole showed an unexpected interest yesterday in the safety of the crowds who attend "intellectual sparring exhibitions" at Naud's Junction. At the afternoon meeting of the Police Board he made a motion that the Chief of Police and the fire chief order the removal of the condition of McCarey's pavilion.

He told his fellow-commissioners that a question has been raised whether the fire protection at the pavilion is sufficient, and advised that it would be well to have regulations in case an accident should happen.

This motion gave rise to a rumor that the Commissioner had been moved for a "closed town." A prompt contradiction from the "inner circle" is sufficient, and advised that it would be well to have regulations in case an accident should happen.

One rumor which has not yet been contradicted is to the effect that McCarey has cut down one-third the number of passes sent to the City Hall the afternoon before a fight. Mr. Cole has not admitted a fight since he joined the commission.

Court Takes a Hand.

Judge Conroy issued a temporary injunction yesterday restraining the Police Board from interfering with the liquor business of George Rhodes at No. 508 South San Pedro street. A week ago City Attorney Hewitt sent a communication to the board to the effect that Rhodes' license should not contain sufficient frontage signatures, and that the grant of the license was invalid. Rhodes' Dockweiler, Rhodes has appealed to the courts.

Think Law Unjust.

Moore Bros., horse dealers, have protested to the Police Board against the new ordinance requiring all salaried employees to secure licenses from the Police Board. The firm has conducted a sales stable at No. 224 Maple avenue for several years. The ordinance requiring a license for this business has been in effect but a few weeks. It contains a provision that a license shall not be granted within 200 feet of a church. There is a church within 100 feet of the Moore Bros. stable, but they say they were there first. They ask that the ordinance be amended so as to permit them to continue to do business at their old location.

Mayor's Brother Wins.

Mayor Harper appointed his brother, Rev. E. J. Harper, yesterday to a place as City Forester, at a salary of \$150 a month. The office was created by the Council Monday at the request of the Municipal Art Commission. The Mayor's brother is now a pastor of the Knox Presbyterian Church.

AT THE COURTHOUSE.

PROPER DENIES VICTIM'S LAST STATEMENT.

Declares on Witness Stand That Shooting Occurs Only After He Is Assaulted With Knife—After Argument, This Morning, Case Will Be Given to Jury.

"After shooting him I was so angry I threw the gun at him," declared William Proper on the witness stand, yesterday, in his trial for the murder of George Speke.

The prosecutors believe he threw the revolver into the mud, with the intent to hide it, and as at the dying negro, who he had shot three times through the body. Shortly after 4 o'clock yesterday afternoon the defense rested, and recess was taken until this morning, when argument will be begun. The case probably will go to the jury this afternoon. These charges were supported yesterday by others made by Assistant City Prosecutor Eddy. Mr. Eddy said that during the last year probably 200 complaints have been made to him about the manner in which the Crowley agency secures money from persons seeking employment. During the same time fifty complaints have been lodged against all other agencies in the city.

Eddy expressed the opinion that the board could produce evidence in court sufficient to justify the commission in revoking the license.

Consular Agent Castruccio said that he has received hundreds of complaints from his countrymen about the methods used by the Crowley agency to get money without furnishing employment. Attorney Jones protested on behalf of Crowley. He said that he was ready to show that the action of the agency had been regular in every instance. Mr. Eddy here explained that it is extremely difficult to get evidence

CLOSED TOWN—NIT!

Police Commissioner Cole showed an unexpected interest yesterday in the safety of the crowds who attend "intellectual sparring exhibitions" at Naud's Junction. At the afternoon meeting of the Police Board he made a motion that the Chief of Police and the fire chief order the removal of the condition of McCarey's pavilion.

He told his fellow-commissioners that a question has been raised whether the fire protection at the pavilion is sufficient, and advised that it would be well to have regulations in case an accident should happen.

This motion gave rise to a rumor that the Commissioner had been moved for a "closed town." A prompt contradiction from the "inner circle" is sufficient, and advised that it would be well to have regulations in case an accident should happen.

One rumor which has not yet been contradicted is to the effect that McCarey has cut down one-third the number of passes sent to the City Hall the afternoon before a fight. Mr. Cole has not admitted a fight since he joined the commission.

Court Takes a Hand.

Judge Conroy issued a temporary injunction yesterday restraining the Police Board from interfering with the liquor business of George Rhodes at No. 508 South San Pedro street. A week ago City Attorney Hewitt sent a communication to the board to the effect that Rhodes' license should not contain sufficient frontage signatures, and that the grant of the license was invalid. Rhodes' Dockweiler, Rhodes has appealed to the courts.

Think Law Unjust.

Moore Bros., horse dealers, have protested to the Police Board against the new ordinance requiring all salaried employees to secure licenses from the Police Board. The firm has conducted a sales stable at No. 224 Maple avenue for several years. The ordinance requiring a license for this business has been in effect but a few weeks. It contains a provision that a license shall not be granted within 200 feet of a church. There is a church within 100 feet of the Moore Bros. stable, but they say they were there first. They ask that the ordinance be amended so as to permit them to continue to do business at their old location.

Mayor's Brother Wins.

Mayor Harper appointed his brother, Rev. E. J. Harper, yesterday to a place as City Forester, at a salary of \$150 a month. The office was created by the Council Monday at the request of the Municipal Art Commission. The Mayor's brother is now a pastor of the Knox Presbyterian Church.

Declares on Witness Stand That Shooting Occurs Only After He Is Assaulted With Knife—After Argument, This Morning, Case Will Be Given to Jury.

"After shooting him I was so angry I threw the gun at him," declared William Proper on the witness stand, yesterday, in his trial for the murder of George Speke.

The prosecutors believe he threw the revolver into the mud, with the intent to hide it, and as at the dying negro, who he had shot three times through the body. Shortly after 4 o'clock yesterday afternoon the defense rested, and recess was taken until this morning, when argument will be begun. The case probably will go to the jury this afternoon. The prosecution rested at noon, after having introduced the ante-mortem statement of George Speke, as taken down in shorthand by the police department's stenographer. Mr. Hill read from his notes. 'I can't make a statement now,' the dying man had said. 'Yes,' in answer to a question, 'he tried to hide me up at the dying negro, who he had shot three times through the body. The statement went on with question and answer, 'that is the — that shot me. I tried to kill him before I was hit. I knew it was no use to run. The other man was trying to hold me. Laramie, too, had been brought in, and was identified by Speke. 'Proper story, on the witness stand, yesterday, was in direct contradiction to the dying statement of Speke. 'The bartender told me to take Laramie home,' he said, after telling of the arrival of the saloon-keeper, with some others, among whom, he says, was the man who shot me. 'He failed to notice Speke. 'He fell several times before we got to Seventh and Mimosa. When he got to Oceanview in the car, into the place I was hired as watchman for, I heard some one call: 'Hi, keep out of this. If you cover there I'll cut your throat. He came over and cut me. I fired the shot into the ground, to scare him, and then he dashed in in my face. Before I shot him he had cut me in the breast.' The witness also testified that a man employed by chairman of the Property he was guarding for W. E. Judson, had kicked in the door of the house one night, chasing him (Proper), outside to prevent him from making away. Because of this, he stated, he had secured the weapon with which he shot Speke.

Court Says Recall Election Is Necessary.

Councilman Reynolds to Be

"It" in the Game.

Itching Agitators Win for Time Being.

In accordance with an opinion given yesterday by Justice Taggart of the District Court of Appeals, San Diego must go through the agony of a recall election over one of its Councilmen.

Jay N. Reynolds, representative of the city charter, in the San Diego Council, is the man who has to be "it" in this latest game of the municipal faddists. Yesterday Justice Taggart, with the concurrence of Justices Shaw and Allen, sustained the ruling of the Reynolds court in its writ of mandate to issue, compelling the City Council of San Diego to call an election on the recall of Councilman Reynolds immediately.

The fight over this proposition has been an interesting one. San Diego some time ago adopted charter amendments, which gave the city the recall and referendum provisions. Then the "reformers" began to feel that to try on March 21, 1934, a petition was filed with the City Council of San Diego for the recall of Councilman Reynolds. The charges in the original petition were that Reynolds was a "faddist," and that he had been removed from office by the voters. The petition was signed by a large number of citizens, and the City Council was compelled to call an election on the recall of Councilman Reynolds immediately.

Responsibility for Santa Fe Wreck Seems Clear.

Important Evidence at the Coroner's Inquest.

Chief Dispatcher Tells How Blunder Was Made.

A coroner's jury began slowly picking its way through a mass of train orders yesterday afternoon to find the responsibility for Saturday night's wreck on Santa Fe track.

He had issued this order, told how it came into the hands of the engineer and the incoming "students" of the train.

The foreman and brakeman of the train also must have read it. The rules were complied with.

"EXAMINER'S" "CASE" AGAINST ROAD FOREMEN FAILS.

After Six Days Investigation the Board of Supervisors Fails to Find Anything Which Can Be Made the Basis for Criminal Prosecution or Civil Action.

The investigation of alleged graft in the handling of county road funds and material, based on charges made by the Examiner, was finished before the District Attorney and the Board of Supervisors last evening. It was a fiasco, in so far as establishing any evidence on which prosecutions for criminality are possible, or in producing any evidence on which there could be instituted a civil suit to recover county funds.

The investigation has taken six days and has cost the county in the neighborhood of \$2000.

The last of the witnesses testified late yesterday afternoon, and then the various attorneys made their statements to the conclusions. Dist. Atty. Fredericks announced that he found no evidence which would justify him in proceeding in court against any of the parties charged by the Examiner with irregularities and criminality; but that he intended to have all the evidence submitted to the grand jury at its next sitting.

Attorney George Adams, who represented the interests of Supervisor Peter J. Wilson, in whose district most of the alleged irregularities were said to exist, when asked as to his conclusions from the investigation, gave the Examiner and "Uncle Heine" Loewenthal a scolding that was terrific.

Loewenthal, a scoring that was terrific. He said that he had been practicing law for twenty years, "but never before have I so utterly wasted six days. I feel that it was a waste of time. We have been here investigating charges of an alleged great newspaper—charges of graft that generally the county had been bled; that men had built their homes out of illegal profits from county oil; that the evidence had been sold, concealed or destroyed; that this man Loewenthal had profited from the graft; that the Board of Supervisors and the road foremen to the penitentiary, and that he intended to do it. The greatest latitude has been allowed attorneys and witnesses, the process of the law has been invoked; answers have been full and direct. And in all of this the county has spent a large sum of money in proving simply that the Examiner is a yellow newspaper and that it published lies and knew it at the time it published them."

Dist. Atty. Fredericks reviewed the testimony on the various charges preferred by the Examiner. He condemned the condition which made it possible for a road foreman to hold contracts for furnishing oil to the county where the oil was to be delivered to the foreman's own road district. In the case of Thaxter the

Run-down People

NEED VINOL the modern strength creator and body builder

Many people right here in this vicinity are all run down and hardly able to drag about—don't know what ails them.

In ninety-nine cases out of a hundred this is caused by overwork, too close confinement or continued strain and worry.

A member of the Owl Drug Co. says: "Such people need Vinol, our cod liver preparation without oil, which contains in a highly concentrated form all of the medicinal and strength-creating elements of cod liver oil actually taken from fresh cod's livers, but from which the useless oil has been eliminated and tonic removed."

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

We ask every man, woman and child in this vicinity who is run down, tired and debilitated to try Vinol on our offer to return money if it fails.

LAW'S HAND ON UNION STEALER.

TOTEM ASCENDER ADMITS HE
IS GUILTY.

Financial Secretary of the Brewery Workers' Union of California is Arrested in Bisbee and Will Return Without Resort to Extradition—He Says He is \$2000 Short.

(SPECIAL CORRESPONDENCE OF THE TIMES.)

BISBEE (Ariz.) March 25.—Alvin Borewick, according financial secretary of the Brewery Workers' Union of California, has been arrested in Bisbee and will return without resort to extradition, with the officer sent for him by the authorities at San Francisco. Borewick has been in Bisbee since February 5, coming from Phoenix where he states he lost \$2000 in gambling; houses. Later he has been without funds and has been supporting himself by working as a dishwasher. He has been known as Charles Solomon. He freely admits his guilt, stating that he will be found \$2000 short. According to his story, he found himself short \$300 through some error of book-keeping. This amount he endeavored to make good by playing the races, with the usual result, finally disappearing January 10, when he believed himself on the verge of exposure. In his own vernacular, "I have got me dead to rights." A reward of \$400 offered for his apprehension by the Brewery Workers' Union will be claimed by the Bisbee police.

HELD IN GEMEHLE.
Bert Gemehle has been held for the grand jury under bonds of \$500, charged with the murder of E. H. Hanna, a miner, who died a few days ago in the Calumet and Arizona Hospital from cerebral hemorrhage. William Tate, arrested for complicity in the affair, was released by the committing magistrate. The testimony at the trial showed Gemehle as having been "fixed" for the benefit of the accused man, and it is expected that the prosecution will not rest with the dismissal of Tate.

Liamu died because of blows on the head, received by him at the Tuesday night saloon in this city Tuesday night, March 12. Very odd, he had been beaten twice, first by Tate, about midnight, and then by Gemehle, an hour later. After that he was placed in a back and hurried away to his lodging in Lowell. The testimony at the trial showed Gemehle as having been "fixed" for the benefit of the accused man, and it is expected that the prosecution will not rest with the dismissal of Tate.

MYSTERIOUS SUICIDE.
Thursday night the decomposing body of J. E. Bryson was found in his text at Douglas. Through the breast was a bullet wound and at hand a small revolver, from which the fatal shot had been fired. The verdict of the coroner's jury was suicide. Bryson had been a machinist in the Southwestern shops. He made the best of wages, had property and many friends, and was active in the affairs of the Douglas lodge of Odd Fellows, and in the athletic work of the Young Men's Christian Association. No reason can be found for his self-destruction.

NO SALT, DOUGLAS SAYS.
From El Paso during the week past has been coming more than the usual grist of conjectural reports concerning possible changes in the El Paso and Southwestern railway system which has been sold, according to the newspapers, from time to time, to about every trunk line railroad that touches the Southwest. To the latest report that the Rock Island has absorbed the Southwestern, President James Douglas at Bisbee replied:

"You may say that there is absolutely no truth in the story. The owner of the Southwestern system have not offered it for sale and the Rock Island is not negotiating for its purchase. As to the extension of the New Orleans and Norfolk Railroad from its terminus at present, that is a matter for the future."
He stated that the New Orleans road, which once had a concession south of New Orleans, had lost it. The Southern Railway, taking it up when forfeited. He said he believed there would be very little railroad building here for some time, owing to the uncertain conditions that now govern the market for railroad investment. This report that H. J. Simmons is to be general manager of the Phelps-Dodge railroad and mining interests is as correct as that in which he is to be displaced by G. F. Hawks. Mr. Simmons will remain as general manager of the Southwestern railroad system, and is assisted by Mr. Hawks, who will be styled general superintendent. Mr. Hawks now is superintendent of a Southern Pacific division in Texas.

ARIZONA APPEAL.

Two miles south of Benson, the body of Dominguez Costilla, a section hand, was found on the Southern Railway track, his head cut off by a train that had passed in the night. It is assumed at first that it was the usual case of a drunken Mexican choosing the roadbed as a couch, but there is more than a suspicion that the man was murdered by his compatriots and his body placed where the crime might be covered up. The night before, the section gang to which Costilla belonged had had a monumental carouse, in which a number of pistol shots had been fired. One man suffered a bullet wound in the cheek, and it is believed probable that Costilla was killed in the affray.

By a fall of rock on the 1000-foot level of the Lake Superior and Pittsburgh property, the life was crushed from Ethelbert Hayes, a young miner, lately arrived from England. Another victim of the past week was Matthew Washby, a miner, who was killed between the cage and the side of the shaft on the 500-foot level of the Co-chise mine.

At the Copper Queen smelter at Douglas, Friday, Joseph LeClerc, track foreman, was caught under the dipper of a steam shovel in the ore pits and so badly injured that death is considered probable.

The strike of carpenters at Douglas has about "pettered out." The contractors are running along as usual with plenty of men, while the strikers are picking up small jobs where they will not be compelled to work beside "unfair" non-union men, whom they would exclude, though laboring for the same wage as themselves.

The Bisbee Industrial Association has made permanent organization and has adopted bylaws. They prescribe that before joining the association a miner must furnish proof of his independence of the Western Federation of Miners.

Late statements show that Bisbee banks are carrying \$5,000,000 in deposits, believed to be the heaviest showing of any of the towns in the Southwest.

Preceding the late rainstorm, the weather became abnormally hot, the thermometer registering as high as 93 degrees at Douglas.

The body of Jesus Pangel, a middle-aged Mexican, was found Thursday on a vacant lot in Pterville, a Douglas suburb, where he had been brutally murdered. His head was beaten in with a rock. No clue can be found concerning the slayer. The last seen of the Mexican was in company with a drunken knot of his countrymen, the night before.
